Scholarship / Financial Aid Application

Dear Parents:

The cost of tuition can be a financial burden that some families are unable to fully absorb. We strive to assist parents through various forms of creative financing, including:

- ✓ Partial scholarships
- ✓ Extended repayment plans
- ✓ Loans
- ✓ Tax Deductions

If you believe you require assistance, please act immediately, and complete all of the items listed below. **Place a check in the box next to each item as you have completed them.**

- 1. Complete the reverse side of this form in full and return it to us.
- 2. Along with this form, send in a copy of your last tax return and/or W-2.
- 3. Write a letter to us, advising us of any special financial circumstances relating to you. **The letter must indicate the maximum amount you can contribute each month.**
- 4. Application must be accompanied with a \$35.00 processing fee. Failure to submit fee with paperwork will result in your application NOT being processed. Payment can be cash, credit or check.

It is essential that you respond to us as soon as possible, as we are required to balance our own budget. Please bear in mind that we receive limited assistance from the State and no assistance from any other Federal Agency, and are therefore restricted in the amount of financial assistance we are able to give.

Preference is usually given to the earliest applications received and scholarships are based on space and availability.

It is essential that you submit the requested documentation for us to best serve your financial needs; Failure to respond in a timely manner may result in your application being dismissed.

We look forward to hearing from you,
Alternative Education Foundation
